# CLEAR

## STATE OF THE ART WATER MANAGEMENT

**CLEAR** is a state of the art water management that is a Clearwater exclusive, combines four of the best technologies available to provide you the best fresh water experience.

We can't say this is a chemical free system, **BUT** it is the most natural way to have CLEAR water.

### Why is it better?

**CLEAR** allows you to soak in odorless, clear, natural water.

### COPPER/SILVER IONIZATION

01

02

### MAGNETIC FIELD

03

### UVC SANITIZER

04

### OZONE OXIDIZER

# The Clearwater Difference.

INNOVATIVE DESIGN AND TECHNOLOGY CHANGING THE SPA INDUSTRY

## Ultra-Insulated Cabinet & Base

Extremely efficient Reflective Thermal Shield reflects and recycles heat, keeping your water warmer, and your energy bill lower compared to foam-filled spas.

## Superior Shell Construction

Our commercial-grade Triple Fusion Shell is thicker, allowing a deeper, stronger, smoother tub. Steel support mesh and environmentally-friendly, EcoSpray resin (not toxic fiberglass) make the Clearwater Spas shell one of the strongest you can buy.

## Eco-Foundation

Weather-resistant, fully-insulated base provides the foundation to lift the spa off of the cold ground to further insulate and it protects the spa from moisture, bugs, mice, and other unwanted pests.

## DuraTech Cabinets: Ultra-low Maintenance

Just an occasional wash with soapy water will keep your DuraTech cabinet free of dust & grime and looking its very best.

## Ultimate Outdoor Performance

DuraTech Cabinets resists splintering, rot, warping, and damage from insects and other pests.

## HD Foam PVC Column Supports

Custom PVC high-density foam-filled system will not rot, mold, rust, or breakdown like wood or steel support systems. Pillars integrate seamlessly into the foundation and the shell for unmatched strength making this the only frame-free support system in the world.

# INTELLIGENT DESIGN

1. Best Ergonomic Seating
2. Adjustable Hydrotherapy Jets
3. Intelligent Controls
4. Impact Resistant Cabinet
5. Integrated Headrests
6. 24 hr. Single Guard Filtration
7. Water Feature
8. Coasters
