SHELL COLORS & CABINET OPTIONS

SHELL COLORS

CABINETS

* All shell colors and RIM Cabinets are standard on Resort series. Cedar and DuraTech cabinets are optional.

CLEAR

STATE OF THE ART WATER MANAGEMENT

CLEAR is a state of the art water management that is a Clearwater exclusive, combines four of the best technologies available to provide you the best fresh water experience.

We can't say this is a chemical free system, **BUT** it is the most natural way to have CLEAR water.

Why is it better?

CLEAR allows you to soak in odorless, clear, natural water.

The Clearwater Difference.

INNOVATIVE DESIGN AND TECHNOLOGY CHANGING THE SPA INDUSTRY

Ultra-Insulated Cabinet & Base

Extremely efficient Reflective Thermal Shield reflects and recycles heat, keeping your water warmer, and your energy bill lower compared to foam-filled spas.

Superior Shell Construction

Our commercial-grade Triple Fusion Shell is thicker, allowing a deeper, stronger, smoother tub. Steel support mesh and environmentally-friendly, EcoSpray resin (not toxic fiberglass) make the Clearwater Spas shell one of the strongest you can buy.

Eco-Foundation System

Weather-resistant, fully-insulated base provides the foundation to lift the spa off of the cold ground to further insulate and it protects the spa from moisture, bugs, mice, and other unwanted pests.

Impact-Resistant Paintable Cabinet

Our RIM is the most advanced cabinet system on the market. Energy-efficient Reflective Thermal Shield reflects and recycles heat within the cabinet. Removable side panels make for easy maintenance. The only paintable cabinet available to match your home.

HD Foam PVC Column Supports

Custom PVC high-density foam-filled system will not rot, mold, rust, or breakdown like wood or steel support systems. Pillars integrate seamlessly into the foundation and the shell for unmatched strength making this the only frame-free support system in the world.

INTELLIGENT DESIGN

1. Soothing Waterfalls
2. Best Ergonomic Seating
3. Table Accessory
4. Adjustable Backlit Jets
5. Intelligent Controls
6. LED Coasters
7. Exterior Cabinet Lighting
8. Best Hydrotherapy Massage
9. Convenience Controls
10. Dual Guard Filtration
